

Cops and Robbers

How to Play:

1. Click START
2. Use the arrow keys to move
3. Move up to the Bank (gold - top right) and collect the coin
4. Move back to the Safe House (red - bottom left) without getting caught (tagged) by the police - every level will have more police
5. If you make it back you win that level (reflected in the start menu) and you can hit the START button to start the next round. If you get caught you will lose all of your points and be back at level 1.
